**An Appreciative Thank You to Our Most Recent Donors**

**We do what we do because of you - thank you for helping us get the year going!**

A very special thank you goes to the **F M Kirby Foundation**, which has supported GNJP steadfastly over the past five years, helping us turn an abstract concept into a reality, producing eight shows in that time with more to come in 2017 and 2018. Thank you for this year's operational grant.

Thank you to **Denis Segota and Oliver J Newman of Morgan, Lewis & Bockius LLP** for their generous donation of time, expertise and knowledge as we worked through contracts, insurance coverage and developing a Risk Management Policy. We hope to get them out on the trail with us when we're filming!

Thank you to our loyal donors who have given every year – former board chair Michael Catania whose financial support and leadership was immeasurable, **Susan and Tod Hullin** who were instrumental in getting GNJP off the ground five years ago with our launch party in their country home and continue to support GNJP in countless ways, the **Doris Duke Charitable Foundation** and the **Bank of Princeton** – all who give annually and helped us get 2017 off to a good start.

Thank you to outdoor enthusiast **Margean Gladysz for her donation** to cover closed captioning for the Open Spaces & Historic Places in Monmouth County show. Margean loves nature, hiking, biking and just being outdoors, and is an appreciative visitor to the Monmouth County parks and a steward of the land.

**We couldn't do this without all of you. Thank you!**
